### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, in a metallic thin film chip producing apparatus the prior art does not teach or make obvious the concept of pressing means for causing a second insulating substrate whose surface roughness is lower than the surface roughness of the metallic thin film to sandwich and press the metallic thin film of the metallic thin film chip and heating means for heating only the metallic thin film of the metallic thin film chip placed on the placement table in the manner claimed by the applicant.

Regarding claim 13, in a metallic thin film chip producing method, the prior art does not teach or make obvious the concept of causing a second insulating substrate whose surface roughness is lower than the surface roughness of the metallic thin film to sandwich and press the metallic thin film in a vertical direction with respect to the surface of the metallic thin film; and heating only the metallic thin film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
